Welcome to Gymnasium Beekvliet

I'm pleased to wish you a warm welcome. It's a pleasure to have you here in Sint-Michielsgestel. In the first place as guests, but also to participate in discussions about education in Europe. I hope the students will enjoy their stay with their Dutch partners and friends.

I'm proud of the special programme made by our schools. It is not a standard exchange programme, but a programme in which the students share their views and advice with us and thus will contribute significantly to the future of our schools.

Living in a world with both global independence and threats of diverging nations and peoples, I believe in international contacts and exchanges. Our students and colleagues will learn to discover and respect each other's habits in this way.

The Netherlands is a small country struggling against water and struggling for independence; and nowadays also in search for its own culture. Many other European countries face the same problem. With your visit we continue developing a more diverse European culture. It gives our students the tools to accept, to learn and to respect each other.

Our mission statement is: develop your talents, cross your borders and feel at home. This mission statement is meant for our own students and for your students and colleagues. Feel at home in a place that is far away, and enjoy our Dutch region Brabant as one of the finest parts of our country.

I wish you all a pleasant and successful week!

Carla Faassen

Principal Gymnasium Beekvliet

Dear guest students and teachers,

As coordinators of the Erasmus+ program at Gymnasium Beekvliet we would like to welcome you to The Netherlands, Sint-Michielsgestel and Gymnasium Beekvliet.

It is great that young people take the chance to participate in this project and that teacher-supervisors help out to make this happen. This visit will allow you as young people to learn more about the subject of motivation and give you the opportunity to contribute to the improvement of motivation among your peers. In addition, you will be able to experience Dutch culture and habits through your stay. We are sure you will have a great experience that you will take with you to your home country. We wish you a lot of success; enjoy your stay!

Dear parents,

On behalf of the school we would like to thank you for the willingness to host an Erasmus+ exchange student. Without your cooperation and support these projects would not be possible. We hope you will enjoy having a guest from abroad.

Jeanet Bongers, Nienke Toeter, Binno Louwerenburg and Marco Oggel
Coordinators Erasmus+ 2017-2019 Gymnasium Beekvliet

Introduction

Hi everyone!

My name is Elze and I am writing this to welcome everyone in Holland and tell you a little bit about what the Erasmus project is like.

Some of us have already gone to Scotland with the Erasmus project last January, and it was such a cool experience!

We learnt a lot about each other's countries, habits and of course - also very important - the different school systems. Together we talked about how we can include special needs students in the education system.

But the most fun part was all the dinners and parties we had after these long days of productivity: we got to know each other better and I can say I have made some really good friends! We hope you'll have the same experience with us.

This week the focus will be on motivation amongst your peers and especially how to motivate yourself and others.

We will visit other schools with a different education system, we'll have a debating class and mostly we will be brainstorming for new ideas about motivation.

Of course these are not the only things that will keep us busy this week, because we can't let you all go home without the real deal Dutch experience! Obviously you'll have Dutch food etc. in your host family, but we'll also take a trip to Amsterdam on Sunday.

I think I've said enough to introduce you to this week. We are all looking forward to it and hope you'll have a good time!

Elze

Programme

Saturday September 22nd

- Arrival of the guests
 - Scotland: arrival Schiphol at 08.40 hr; expected arrival at station Den Bosch approx. 10.30-11.00 hr.
 - Sweden: arrival Schiphol at 13.35 hr; expected arrival at station Den Bosch approx. 15.30-16.00 hr.
